Nothing tops *IKO* quality.

The commercial roofing products offered by *IKO* are manufactured by us, in our state-of-the-art facilities. That allows us to maintain the highest quality-control standards, and our people are committed to maintaining this caliber of excellence. That means you can rely on *IKO* for all your commercial roofing application needs—from the deck up!

Our manufacturing facilities are positioned to service the commercial roofing industry through most North American markets, with a wide line of deck-up roofing products.

We stand behind our products.

IKO offers a wide range of warranty programs to suit your individual needs, including Material Only, Limited Labour & Material, and our Total Value Warranty. Ask your *IKO* representative about which warranty program is right for you!

No matter what type of commercial roofing application you're working on, *IKO* has the quality products you need to rise to the challenge.

IKO has the roofing know-how for any commercial roofing application.

IKO people are just as dedicated, when it comes to providing technical support. We are more than happy to provide you with information during the design and specification phases, bringing a wealth of commercial roofing know-how to help you find the best solutions.

Technical support:

- Specification manuals
- Toll-free support hotline
- Online access
- Product overviews
- Industry bulletins

We are committed to setting the standard.

A family-owned company, *IKO* has been producing high-quality roofing products for over three generations. Since its early days, the company has distinguished itself with its commitment to innovation in new product development. This characteristic is evident today in a comprehensive research and development effort, both in North America and in Europe. *IKO* draws on worldwide resources, and has manufacturing plants and distribution centres in North America and Europe.

From our Calgary, Alberta and Sumas, Washington facilities we service western North America, parts of South America, the Pacific Rim countries, Japan, Korea, Taiwan, China and India.

From our Winnipeg, Manitoba and Chicago, Illinois facilities we service central Canada and the mid-western United States.

From our three Brampton, Ontario; Toronto, Ontario; and Franklin, Ohio multiple-line facilities we service eastern North America and parts of Europe.

From our Hawkesbury, Ontario and Wilmington, Delaware facilities we service the Maritime provinces, the Atlantic seaboard, Europe, Africa, and east South America.

Note: Information shown on map refers to our supply of Residential and/or Commercial roofing products.
