#### Labour and Membrane (L&M) Limited Warranty

The IKO Labour and Membrane (L&M) Limited Warranty is applicable to commercial systems installed on commercial/industrial projects by an IKO Approved Applicator Program (IAAP) Registered Roofing Contractor with current liability insurance. The L&M Limited Warranty covers the labour and materials cost of the repair or replacement of IKO Membrane found to have a manufacturing defect resulting in roof leaks. The L&M Limited Warranty is not prorated over the warranty term and is subject to the terms, conditions and limitations of the L&M Limited Warranty. To obtain an L&M Limited Warranty, the contractor must complete and submit the limited warranty application to IKO Technical Services for processing. Please refer to a sample copy of the L&M Limited Warranty @ <https://www.iko.com/comm/terms-warranties-legal-notice/> for further information.

#### Diamond Shield Limited Warranty

The IKO Diamond Shield Limited Warranty is applicable only to commercial systems installed on commercial/industrial projects by an IKO Approved Applicator Program (IAAP) Diamond Registered Roofing Contractor with current liability insurance. The fee-based Diamond Shield Limited Warranty covers the labour and materials cost of the repair or replacement of the IKO membrane and IKO materials used as part of the roofing system when found to have a defect in manufacturing or workmanship resulting in roof leaks. The IKO Diamond Shield Limited Warranty is not prorated over the warranty term and is subject to the terms, conditions and limitations of the limited warranty. Please refer to the Diamond Shield Limited Warranty or contact your local IKO representative for information on the required supporting documentation for warranty issuance. Fees for a Diamond Shield Limited Warranty are based on roof size and requested warranty term. Please refer to a sample copy of the Diamond Shield Limited Warranty @ <https://www.iko.com/comm/terms-warranties-legal-notice/> for further information.

**Please note, IKO products must be utilized to obtain these warranties. Substitutions must be pre-approved by IKO Technical Services.**

**For additional information on the Diamond Shield Program and required supporting documentation please visit [IKO.COM/COMM](https://www.iko.com/comm/).**

**Note:** Coverage is not prorated. Please reference Canadian Commercial & Industrial Limited Warranty Chart for details. The Diamond Shield application must be sent to IKO at least two weeks prior to job commencement and include a copy of the roof schematic, roof details and written specification to ensure that the proposed system complies with IKO requirements.

## Limited Warranty Programs Commercial Roofing

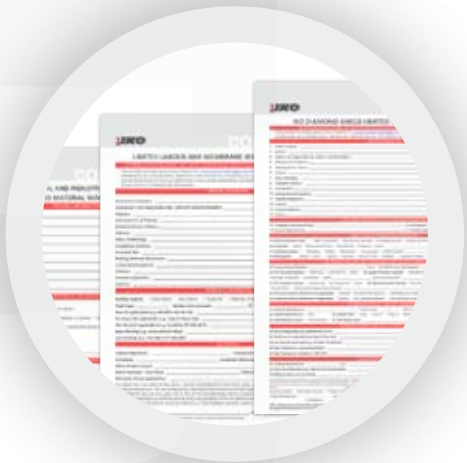

IKO offers a range of commercial roofing warranties to meet a variety of needs, from prorated Material Limited Warranties to the Diamond Shield Limited Warranty, which covers materials and workmanship.

Regarding the (Residential/Commercial) Material Limited Warranty coverage, the contractor does not need to be registered or approved in any way by IKO. The warranty is issued through dealers and only requires the contractor's signature to be valid.

The Labour and Membrane (L&M) Limited Warranty requires the contractor's company to be an IKO Approved Applicator Program (IAAP) Registered Roofing Contractor. The Diamond Shield Limited Warranty requires the contractor's company to be an IKO Approved Applicator Program (IAAP) Diamond Registered Roofing Contractor. Information on registration procedures and required training programs can be obtained from your roofing products distributor or your IKO representative.

Please contact your IKO Technical Service Manager for specific information and processing details for your required level of warranty coverage.
