## CANADIAN WARRANTY PRICE GUIDE

The information in this guide provides current prices for the IKO Diamond Shield™ Limited Warranty.

### Important Notes:

- Only installations performed by IKO Approved Applicators are eligible for IKO Commercial Diamond Shield Limited Warranties. For more information regarding the IKO Approved Applicator Program (IAAP), please see the IAAP Brochure available at [www.iko.com/innovi](http://www.iko.com/innovi), and please contact your local IKO Commercial Territory Sales Manager.
- For warranty coverage to apply, the installation must be in accordance with IKO Commercial technical requirements, including detail drawings, installation guidelines, attachment guidelines and all warranty requirements. Additionally, all installations requiring a Diamond Shield Limited Warranty must be installed by an IKO Approved Applicator in accordance with IAAP Level 2 requirements and must receive a successful inspection by an IKO Field Services Technician. IKO Commercial technical requirements are available at [www.iko.com/innovi](http://www.iko.com/innovi).
- On-site inspections are only performed on projects for which an application for an IKO Diamond Shield™ Limited Warranty has been submitted. IKO reserves the right to withhold warranty coverage until all punch list items provided to the contractor by the IKO Field Services Technician are resolved, and until IKO, the roofing contractor and the material suppliers have been fully paid for the IKO roofing materials, installation and warranty.
- Not all projects are eligible for all IKO Commercial Limited Warranties, warranty terms, or enhanced or additional coverage. Please contact IKO Technical & Warranty Services Canada. for assistance in determining job-specific technical requirements to meet desired or specified warranty coverage.
- All Diamond Shield Limited Warranty Applications available at [www.iko.com/innovi](http://www.iko.com/innovi), must be submitted to IKO Technical Services Canada a minimum of 14 days in advance of job start.
- Any requests for technical deviation from IKO Commercial application requirements must be reviewed and approved in writing by an IKO Commercial technical representative **prior to installation**.
- Any requests for exceptions from or changes to the standard terms and conditions of IKO Commercial Limited Warranties are subject to review and written approval by an officer of the company.
- All IKO Commercial Limited Warranty prices provided herein are in CAD.

**For specific requests and for further information, please contact IKO Technical & Warranty Services Canada - [ikotechcanada@iko.com](mailto:ikotechcanada@iko.com).**

Information and Pricing effective August 2022.
