## One-of-a-Kind Look and Superior All-Weather Performance.

**IKO Armourshake designer laminate shingles** stand above the crowd. Their extra-thick, contoured profile, large dragon's teeth and generous exposure evoke the bold look of natural wood shakes in a range of ultra high-definition colors.

Armourshake shingles carry a Class 4 impact resistance rating<sup>4</sup> (highest possible) and a Class A Fire Resistance rating (ASTM E108/UL 790), for peace of mind for you and your customer.

They are engineered to help protect against wind uplift and water penetration for enduring performance in tough weather.

Available in IKO's special "Advantage" size, these shingles offer a 5 1/2-inch exposure and 70 shingles to a square. Some competitors' comparable shingles can range up to 90 shingles per square, so IKO Armourshake can give you up to 20% more coverage to go down faster with less waste.

**IKO®** is Roofing Elevated.

						FM 4473 – Class 4 <sup>4</sup>

**IMPORTANT!** To ensure complete satisfaction, please view several full-size shingles and an actual roof installation prior to final color selection as the shingle swatches and photography shown online, in our brochures and in our **ROOFViewer**® tool may not accurately reflect shingle color and do not fully represent the entire color blend range nor the impact of sunlight.

**Note:** Product and color availability may vary by region. Products with Miami Dade NOA and FBC product approval listings are available. Meets requirements of the Texas Department of Insurance. Please contact IKO for details. <sup>1</sup>See Limited Warranty at IKO.com for complete terms, conditions, restrictions and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements. <sup>2</sup>High-wind application is required. <sup>3</sup>Lifetime means the period of time commencing on the date of the completion of the installation of the shingles on the building, and continuing so long as the owner owns the building on which the shingles were installed. <sup>4</sup>This impact rating is solely for the purpose of enabling residential property owners to obtain a reduction in their residential insurance premium, if available. It is not to be construed as any type of express or implied warranty or guarantee of the impact performance of this shingle by the manufacturer, supplier or installer and damage from hail is not covered by the Limited Warranty. IKO recommends the use of its Class 4 impact resistance rated Hip and Ridge cap shingle in conjunction with the use of Class 4 impact resistance rated shingles. For further detail concerning the FM 4473 standards, visit the FM Approvals website. <sup>5</sup>All values shown are approximate. <sup>6</sup>Products are developed with reference to these standards.
