FULL
COVERAGE
(100 SQ FT/3 BUNDLES)

IKO's Most Popular Shingle Gives You an (Almost) Unfair Advantage.

IKO Cambridge architectural laminate shingles in IKO's special advantage size feature a 5 7/8" exposure that is bigger than most in their class. They go down fast and easy. And with full coverage, the job costs associated with extra bundles and the labour to install them are lowered too.

Proper installation is vital for effective weather resistance. That's why we've enlarged our nail line to guide installers for correct nail placement and made our FastLock® modified bitumen sealant thick and aggressive to promote a strong bond.

Homeowners will get the high-end designer architectural appearance without the high-end designer cost.

Cambridge®

IMPORTANT! To ensure complete satisfaction, please view several full-size shingles and an actual roof installation prior to final colour selection as the shingle swatches and photography shown online, in brochures and in our **ROOFViewer®** tool may not accurately reflect shingle colour, and do not fully represent the entire colour blend range, nor the impact of sunlight.

Note: Product and colour availability may vary by region. ¹See Limited Warranty at IKO.com for complete terms, conditions, restrictions and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements ²High-wind application is required. ³Lifetime means the period of time commencing on the date of the completion of the installation of the shingles on the building, and continuing so long as the owner owns the building on which the shingles were installed. ⁴All values shown are approximate. ⁵Products are developed with reference to these standards.

The information in this literature is subject to change without notice. We assume no responsibility for errors that may appear in this literature.

To find out more about Cambridge Architectural shingles or additional IKO products, please talk to an IKO sales representative, or contact IKO directly.
