IR  
CLASS 3  
CLASS 3 IMPACT  
RESISTANCE RATING<sup>3</sup>

When your customers want a roof that's a step above the rest, Dynasty Performance shingles provide an upgraded experience in multiple ways. Dynasty shingles feature our ArmourZone® 1 1/4-inch reinforced nailing surface, offering roofers a wider margin compared to standard architectural shingles. This tear-resistant band also makes Dynasty shingles less susceptible to wind uplift and includes a high-wind warranty for coverage up to 210 km/h (130 mph).

Plus, Dynasty shingles feature enhanced colours and a Class 3 impact resistance rating for upgraded defense against hail<sup>3\*</sup>.

### The IKO difference

With a legacy of craftsmanship that spans over 75 years, we know quality. That's why contractors and their customers trust IKO to deliver beautiful, high-performing roofing systems that can withstand rigorous conditions — and continue protecting families for generations to come.

\*This is not a guarantee of impact resistance against hail. Damage from hail is not covered under the limited warranty. See full details<sup>3</sup>.

### Wind resistance and fast installation — nailed.

IKO's Dynasty line stands a cut above the industry for shingles that perform from installation to weathering homeowners' toughest storms. These laminated performance shingles offer:

- **ArmourZone** 1 1/4-inch reinforced nailing surface for unparalleled holding power.
- **Class 3** impact resistance rating<sup>3</sup>.
- A wide range of **enhanced** colour blends.
- **True Square Advantage** sizing providing exactly 100 square feet of coverage in every three bundles, helping minimize waste and installation costs.
- Resistance against **blue-green algae** streaks and discolouration.
- **FastLock**® sealant, activated by the warmth of the sun to seal down and help protect against wind uplift.

Performance Shingles

SPECIFICATIONS <sup>4</sup>	Limited Warranty <sup>1</sup>	Limited Lifetime <sup>2</sup>	Dimensions (L x W)	40 7/8 in (1,038 mm) X 13 3/4 in (349 mm)	STANDARDS <sup>5</sup>	ASTM D3018
	Iron Clad Protection <sup>1</sup>	15 Years	Exposure	5 7/8 in (149 mm)		ASTM D7158 — Class H
	Limited Wind Warranty <sup>1</sup>	210 km/h (130 mph)	Coverage per Bundle	33 1/3 sq. ft. (3.1 sq. m)		ASTM D3161 — Class F
	Limited Algae Resistance Warranty <sup>1</sup>	10 years (blue-green)	Shingles per Square	60		CAN/ULC S107 — Class A
						CSA A123.5
						FM 4473 — Class 3 <sup>3</sup>

**Note:** Product and colour availability may vary by region. <sup>1</sup>Refer to the Limited Warranty at [IKO.com](http://IKO.com) for full terms, conditions, restrictions and application requirements. Shingles must be installed per application instructions and local building codes. <sup>2</sup>"Lifetime" refers to the period from installation until the original Owner no longer owns the building. <sup>3</sup>Impact rating is solely for potential insurance premium reductions and is not a performance guarantee, implied or express warranty of any kind. Hail damage is not covered under the Limited Warranty. IKO recommends Class 4 or 3 impact resistance rated Hip and Ridge capping shingles be installed with corresponding impact rated shingles (refer to FM Approvals for more details on the FM 4473 impact resistance testing standard). <sup>4</sup>All values are approximate. <sup>5</sup>Products are developed with reference to these standards. <sup>6</sup>Blue granules may tend to fade with prolonged UV exposure. <sup>7</sup>Matte Black roofs may show shading (lighter or darker in some locations), which is not considered a defect under the terms of our warranty.

**IMPORTANT!** For complete satisfaction, view full-size shingles and an actual roof installation before selecting a colour. Online swatches, brochures, and our **ROOFViewer®** tool may not accurately reflect the shingle colour or full colour blend range, nor show the impact of sunlight.
