

DYNASTY® COOL COLORS PLUS

Performance Shingles | with **ArmourZone®**

IKO Dynasty Cool Colors Plus Performance Shingles.

HIGH SOLAR
REFLECTANCE¹

TO COMPLY WITH
CALIFORNIA TITLE 24
COOL ROOF REQUIREMENTS²

CLASS 3 IMPACT
RESISTANCE
RATING⁷

TO COMPLY WITH
LOS ANGELES CITY & COUNTY
ROOF REFLECTANCE
REQUIREMENTS²

IKO Dynasty Cool Colors Plus Performance Shingles exceed California's Title 24, Part 6 cool roof standards and can help reduce energy consumption with vibrant blends that exceed reflectivity requirements by 25%. Engineered granules limit heat transfer into attics, while the heavy-duty laminated design offers Class 3 impact resistance⁷. Featuring ArmourZone® technology, these shingles provide a wider nailing area, tear-resistant reinforcement, and superior protection against nail pull-through and blow-off, even in high winds.

The IKO Difference

With a legacy of craftsmanship that spans over 75 years, we know quality. That's why contractors and their customers trust IKO to deliver beautiful, high-performing roofing systems that can withstand rigorous conditions — and continue protecting families for generations to come.

What sets Dynasty Cool Colors Plus shingles apart:

Designed to exceed California's Title 24, Part 6 solar reflectance standards² while providing superior protection, these shingles feature:

- Solar reflectance index (SRI) of 20+² with embedded infrared-reflective pigments.
- **Class 3** impact resistance⁷.
- **ArmourZone®** reinforced nailing surface for exceptional holding power.
- **True Square Advantage** for precise 100 sq. ft. coverage per three bundles, reducing waste and costs.
- **FastLock®** sealant, activated by the sun to guard against wind uplift.

Note: Available in select US markets.

DYNASTY® COOL COLORS PLUS

Performance Shingles | with **ArmourZone®**

SPECIFICATIONS⁵	Limited Warranty³	Limited Lifetime ⁴	Dimensions (L x W)	40 7/8 in (1,038 mm) X 13 3/4 in (349 mm)	STANDARDS⁶	ASTM D3462
	Iron Clad Protection³	15 Years	Exposure	5 7/8 in (149 mm)		ASTM D3018
	Limited Wind Warranty³	130 mph	Coverage per Bundle	33 1/3 ft ² (3.1 m ²)		ASTM D7158 — Class H ASTM D3161 — Class F ASTM E108/UL 790 — Class A
	Limited Algae Resistance Warranty¹	10 years (blue-green)	Shingles per Square	60		CRRC-1 SRI 20+ FM 4473 — Class 3 ⁷ UL 2218 — Class 3 ⁷

Note: Product and color availability may vary by region. Products with Miami Dade NOA and FBC product approval listings are available. Meets Texas Department of Insurance requirements. Contact IKO for details. ¹Solar reflectance is the roof's ability to reflect solar energy. SRI values range from 0 to 100 — and the higher the SRI, the better the roofing material's ability to reduce heat transfer into the home. Solar Reflectance Index (SRI) is calculated by ASTM E1980. ²Shingles with an SRI of 16+ can be used to comply with California Title 24, Part 6 and shingles with an SRI of 20+ can be used to comply with LA County and City requirements, in lieu of meeting the aged solar reflectance and thermal emittance requirements. To determine if the LA City and County requirements apply, visit the LA County website. ³Refer to the Limited Warranty at IKO.com for full terms, conditions, restrictions and application requirements. Shingles must be installed per application instructions and local building codes. ⁴"Lifetime" refers to the period from installation until the original Owner no longer owns the building. ⁵All values are approximate. ⁶Products are developed with reference to these standards. ⁷Impact rating is solely for potential insurance premium reductions and is not a performance guarantee, implied or express warranty of any kind. Hail damage is not covered under the Limited Warranty. IKO recommends Class 4 or 3 impact resistance rated Hip and Ridge capping shingles be installed with corresponding impact rated shingles (refer to FM Approvals for more details on the FM 4473 test standard and to UL Solutions for more details on the UL 2218 test standard).

IKO UltraHP® high-profile hip and ridge cap shingles are available in colors that complement these Dynasty Cool Colors Plus Shingles, to protect vulnerable roof areas and to create a truly stunning roofline.

IMPORTANT! For complete satisfaction, view full-size shingles and an actual roof installation before selecting a color. Online swatches, brochures, and our **ROOFViewer®** tool may not accurately reflect the shingle color or full color blend range, nor show the impact of sunlight.
