## Take that New Roof Back to Beautiful Basics.

IKO Marathon Plus AR algae-resistant<sup>1,2</sup> and IKO Marathon traditional shingles are of solid construction and a 3-tab design that has always been popular with homeowners.

Their large metric size means these shingles go down fast and easy, to save you time and labor. And IKO's Fastlock™ modified bitumen sealant is thick and aggressive to promote a strong bond.

IKO's advanced color blending technology produces a wide array of consistent, yet exciting color blends for any style of home.

<sup>1</sup>See Limited Warranty at IKO.com for complete terms, conditions, restrictions, and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements.

<sup>2</sup>Marathon Plus AR features an algae-resistant granule that helps inhibit discoloration caused by blue-green algae.

# Marathon™ Collection
