Note: ROOFPRO extended Limited Warranty can only be provided by an IKO ROOFPRO Roofing contractor. See Extended Limited Warranty for complete terms, conditions, restrictions and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements.

For additional information on the IKO ROOFPRO program please email or call: ikoroofpro@IKO.com or call toll-free 1-866-ROOFPRO (1-866-766-3770).

The contractor is not a representative, agent, or an employee of IKO. IKO does not warrant or guarantee or make any representation regarding the workmanship or performance of this or any other contractor. The information in this literature is subject to change without notice. We assume no responsibility for errors that may appear in this literature.

¹At least three of the IKO Proformax Integrated Roofing Accessories are required. ²High wind application requirements apply. *Same as standard warranty.

IMPORTANT INFORMATION ABOUT YOUR IKO ROOFPRO WARRANTY

In order to be eligible for IKO ROOFPRO Extended Iron Clad Protection, your roof must meet the following requirements:

- 1. IKO Shingles must be used and installed together with at least three of the following IKO Proformax Integrated Roofing Accessories:** (Note: IKO-approved Hip & Ridge products are required).
 - a. The use of IKO's GoldShield™ Premium Ice & Water Protector, ArmourGard™ Ice & Water Protector, or StormShield™ Ice & Water Protector protection membrane for sealing eaves and valleys.
 - b. The use of an approved IKO underlayment under all shingle installations, such as Stormtite synthetic or RoofGard-Cool Grey synthetic.
 - c. Installation of any IKO-approved Hip & Ridge product, which includes IKO Hip and Ridge™, Hip & Ridge 12™ Cap Shingles, Hip & Ridge Plus™, IKO UltraHP® or IKO UltraHP® IR Shingles. UltraHP IR shingles are recommended for use in conjunction with Nordic shingles. Marathon Plus AR Shingle may be used to cap Marathon Plus AR.
 - d. For Nordic and Dynasty the application of IKO's Leading Edge Plus™ starter strip installed at the eaves. For Crowne Slate, Royal Estate, Cambridge and Cambridge Cool Colors the application of IKO's Leading Edge Plus starter strip installed at the eaves and rakes. For Armourshake the application of Leading Edge Plus with Armour Starter™ at the eaves. Alternatively, IKO EdgeSeal™ can be used as the starter for all laminated shingles. For Marathon Plus AR the use of starter shingles at the eaves and rakes.
 - e. The Shingles must be installed in strict accordance with the instructions on the wrapper.
- 2. Valid only on single-family dwelling residential roofing applications with a maximum roof area of 100 squares and a roof pitch of 4:12 or steeper.**
- 3. The attic is properly vented according to ARMA, IKO, or local building code requirements.** (A properly balanced ventilation system requires ridge, static vents, and under-eave or soffit ventilation.)
- 4. Installation on a clean, dry and stable roof deck without any of the previous shingles or roofing materials remaining on the roof.** (Note: Installation of shingles directly over an existing layer will void the ROOFPRO limited warranty extension of an additional five years.)
- 5. The roof must be installed by an IKO ROOFPRO contractor.**
 - a. If installed by a **ROOFPRO Preferred Roofing Contractor**, the 5-year extension of the Iron Clad protection period is only available on Cambridge, Cambridge Cool Colors, Dynasty and Nordic shingles. All shingles must be installed with six nails per shingle.
 - b. If installed by a **ROOFPRO Select or Craftsman Premier Roofing Contractor**, the 5-year extension of the Iron Clad protection period is available on Crowne Slate, Armourshake, Royal Estate, Cambridge, Cambridge Cool Colors, RoofShake HW, Dynasty, Nordic and Marathon Plus AR shingles, and does not require a six-nail per shingle installation.
- 6. This warranty cannot be used in conjunction with a warranty claim settlement.**

How to submit warranty application. In order to obtain the IKO ROOFPRO Extended Iron Clad Protection, your IKO ROOFPRO Contractor must submit an application for the extended limited warranty through mail, by fax or online at <https://prozone.iko.com> with a copy of the proof of purchase listing all the IKO products required for the roof system, along with the applicable non-refundable application fee (the "Fee"). The extended limited warranty application and Fee must be received within 90 days after completion of the installation. The extended limited warranty is not effective until the Homeowner receives written confirmation of approval from the IKO Warranty Program Coordinator, whereupon the effective date shall be the date of completion of the installation.
